

CRAWFORDS

• OF LONDON •

****It is now mandatory for both drivers and passengers to wear a face covering throughout the journey unless either is exempt.****

Crawford Cars Ltd – Coronavirus Policy - 24/09/2020

Since the outbreak Crawfords have made several precautions to help avoid and contain the coronavirus (COVID-19).

Action Taken:

- Drivers clean in and around the area their previous passenger has sat in before collecting their next passenger
- Drivers and staff clean/sanitize their hands regularly as advised by Public Health England and the NHS
- Contactless deliveries where possible
- Maintain social distancing where possible
- Vehicles cleaned regularly, internally and externally
- PPE available for passengers upon request

Advice:

- Maintain social distancing where possible
- Wash your hands more regularly with hot water and soap for at least 20 seconds
- Reduce the amount of contact you have with others
- Always wash your hands when you move location and before you eat
- Avoid touching your eyes, nose or mouth
- Cover your mouth/nose with a tissue if you cough/sneeze (Dispose of tissues in a bin immediately)
- Try to avoid people that are feeling unwell

Crawfords will continue to monitor the situation and will provide updates to all staff, drivers and clients with any new updates as time goes on.

It is key that we work together at this difficult time to ensure everyone is taking the right precautions to help contain the virus.

If you have any queries or questions, please don't hesitate to contact us.

Many Thanks

Team Crawfords
